

## How to download a French AUDIO file onto your iTunes playlist

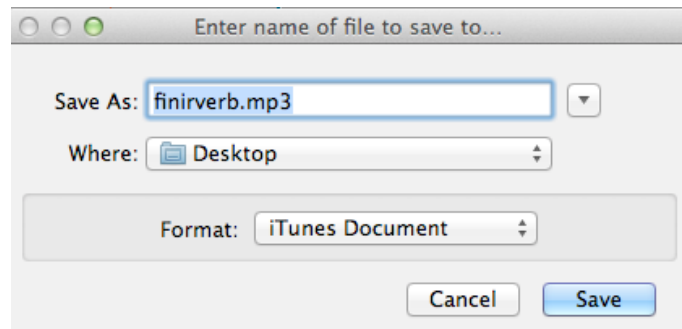

If you don't get your French AUDIO file directly from iTunes, here is how you can add it to your playlist and listen to it on your tablet, iPad, iPod, mp3 device.

**Saving an AUDIO file and add it your playlist to play on our iPod/mp3 device is very easy.**

- under the AUDIO file, hover over the word 'DOWNLOAD'
- right-click (PC) or control-click (mac) to get a drop-down menu as shown

- Save Link As ...  
Where : Desktop  
Format: iTunes document

- click Save
- open your iTunes playlist
- find the downloaded file on your desktop and put in your playlist
