

Comment s'abonner à FRENCH ETC.

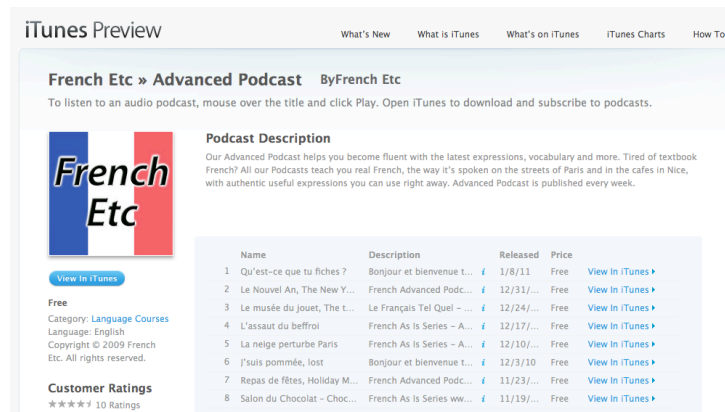

How to subscribe to FRENCH ETC.

With one quick set up, you can enjoy all of the FRENCH ETC. podcasts on iTunes and listen to the current ones on your iPod or phone.

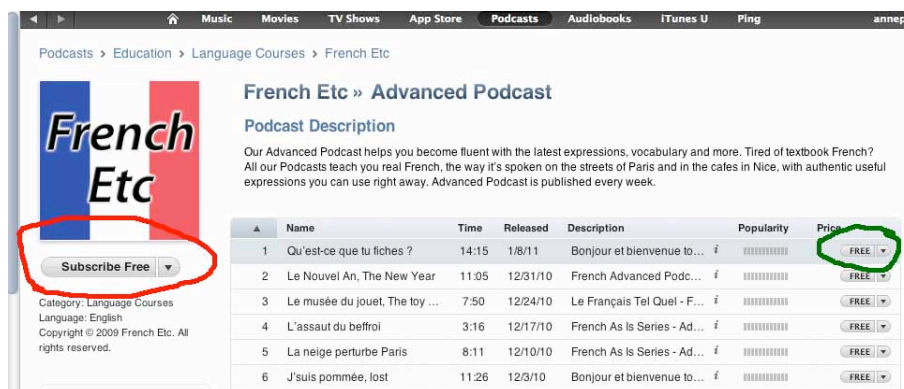

Steps to subscribe to the French Podcast of your choice

1. Open up <http://www.frenchetc.org/podcasts/>

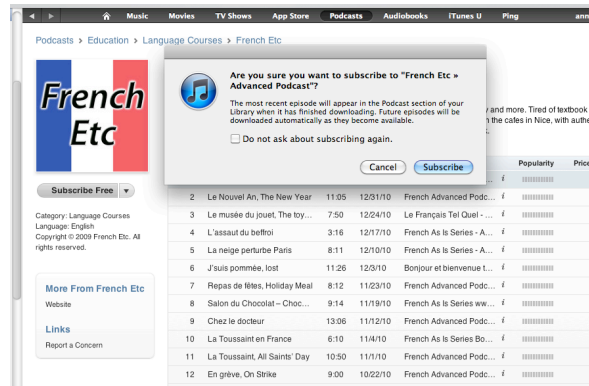

2. Go down the page and click on the 'Subscribe on iTunes' of your choice Podcast. An iTunes Preview page opens.

3. Click on the 'View in iTunes' button (shown as circled in red). The green button works as well, but I believed it only downloads one lesson at a time. A new iTunes window opens.

4. Click on the grey 'Subscribe Free' button.
This new window appears:

5. Click on the blue 'Subscribe' button, and let iTunes install it in your iTunes library.

6. Find FRENCH ETC. on your iTunes **podcasts** library

7. Click on the podcast you want to listen to, and Sync or iPod/iPhone/other device to get worry-free automatic downloads.

From then on, updates should come automatically when you **refresh iTunes**, as soon as FRENCH ETC. publishes a new one.

Do the same steps with the all of the other podcasts series you are interested in.

Please don't hesitate to let Anne know (anne@frenchetc.org) if you still have difficulties subscribing to her podcasts.

Merci,

Anne
